

Contents

Introduction	iv
--------------------	----

LIVING WORLD

Evolution

Unit 1 Evidence for evolution	1
Unit 2 New Zealand extinctions	5
Unit 3 Classification	9

Ecology

Unit 4 Dolphins	13
Unit 5 Antarctica	16

Life processes

Unit 6 Bacteria	20
Unit 7 The brain	24
Unit 8 Circulatory system	28

PLANET EARTH AND BEYOND

Astronomical systems

Unit 1 Stars	32
Unit 2 The Sun	37

Earth systems

Unit 3 Planet Earth	41
Unit 4 Rocks and minerals	45
Unit 5 New Zealand's mineral resources	48

Interacting systems

Unit 6 Water	50
Unit 7 Meteorology	54
Unit 8 Extreme weather	58

PHYSICAL WORLD

Physical inquiry and physics concepts

Unit 1 Motion	62
Unit 2 Friction	64
Unit 3 Falling	67
Unit 4 Spinning	70
Unit 5 Sound waves	72
Unit 6 Light energy	75
Unit 7 Electrical energy	78
Unit 8 Heat energy	81

MATERIAL WORLD

The structure of matter

Unit 1 Structure of matter	85
Unit 2 Change of state	89

Properties and changes of matter

Unit 3 Carbon	92
Unit 4 Plastics	95
Unit 5 Mixtures	97

Chemistry and society

Unit 6 Food chemistry	101
Unit 7 Food preservation	104
Unit 8 Adhesives	107

ANSWERS	111
